

Bumper Grain Crops

Prizes Awarded to Western Canada for Wheat, Cate, Barley, Alfalfa and Grasses The winnings of Western Canada at the Soil Products

Exposition at Denver were easily made. The list comprised Wheat, Oats, Barley and Grasses, the most important being the prizes for Wheat and Oats and sweep stake on Alfalfa.

It is intimated that orders from the Washington. The findings and recommendations will be forwarded to Washington and a decision is expected.

Canada's wheat and other grains, is the excellence of the cattle fed and fattened on the grasses of that country. A recent shipment of cattle to Chicago topped the market in that city for quality and price.

Western Connels produced in 1915 on-third as much wheat as all of the United States, or over 300,000,000 bushels.

Canada in proportion to population has a greater exportable surplus of wheat this year than any country in the world, and at present prices you can figure out the revenue for the pro-ducer. In Western Canada you will find good marketa, splendid schools, excep-tional social conditions, perfect climate and other great attractions. There

More than half the news

"I Feel Like A Real Day's Work"

Most men do who have good digestion, steady nerves and a clear brain. Right living-particularly right eating-makes for energy and ambition.

The sound nourishment that gives "punch" to wade right into work, is richly supplied by the field grains. But some grain foods are lacking in certain mineral elements which are all-important for physical and mental vigor.

Grape-Nuts

-made of selected whole wheat and maked barley, furnishes one all the nutriment of the grain, including their vital mineral cale-phosphet of potash, etc.-necessary for the balanced rebuilding of body, brain and nerves.

Grape-Nuts is easily digested; has a delicious nut-like flavour; is ready to est direct from package; and with cream or good milk is a splendidly balanced food.
